

# Optimize performance & cut costs

## Why choose Stormit?

### 01 Free Monthly Consulting (3 hours)

Access to AWS-certified cloud architects and specialists for expert guidance to quickly resolve issues. We act as your dedicated AWS team – providing advice and doing the heavy lifting.

### 02 Annual AWS Well-Architected Review

It's crucial to regularly review your infrastructure, identify risks, and resolve issues. With Stormit's free yearly review, stay one step ahead of your cloud architecture.

### 03 Priority Access to AWS Credits & Funding

Early access to AWS credits (PoC, Activate, MAP) and exclusive AWS programs. As an Advanced Tier Partner, we know the full range of AWS programs and will recommend the most beneficial ones for you.

### 04 Cost Optimization Advisory

Expert advice on Reserved Instances & Savings Plans to reduce your long-term AWS spend. We've helped our clients save over \$8M by combining technical and cost optimization.

### 05 Up to 90% Discount on Amazon CloudFront

Significant CDN savings based on your traffic volume. Stormit has delivered major projects using Amazon CloudFront and is proud to be an AWS Service Delivery Partner for CloudFront.

### 06 Proactive Resource Monitoring & FinOps Dashboard

Prevent unnecessary cloud spending with resource optimization and gain full cost transparency through an easy-to-use cost management platform.

### 07 Simplified One-Stop Billing

Consolidated billing through Stormit in multiple currencies, reducing administrative overhead.

#### SEAMLESS ONBOARDING PROCESS

Getting started with Stormit and accessing your benefits is easy. Simply transfer your AWS account under our management – no fees, no commitments.

# Your go-to AWS experts.

Expert cloud management custom-crafted to your business needs whether you're starting your cloud journey or optimizing existing infrastructure.
